## More on the November 20th Release

Alert List improvements:

- Remove 'Record Processed By' from alert list display.
- Add 'As of Date' to alert list. This is the last modified date for a student record in the student's new division.
- Change 'View the Last' dropdown to use the As of Date criteria to select data.

STI Split interface improvements

changes that were suggested by the divisions and they will be added in the release as resources and time allow.

## SIF “54” Where Are (the rest of) You?

54 divisions have taken advantage of DOE's no software/SIF agent costs vertical implementation.

STIs are now downloaded into their student information system automatically!

Many have expanded their implementation to include other Central Office applications like their library, trans-

portation and cafeteria systems, and more are in the works.
